OBJECTIVE STATEMENT

I am a resourceful and driven Computer Science major with a strong foundation in software development, data structures, and full-stack web technologies. I am passionate about building scalable, user-centric applications and solving real-world problems through clean, efficient code. I am seeking a software engineering internship or junior developer role to contribute to meaningful projects, collaborate with skilled teams, and continue sharpening my skills in a fast-paced environment.

EXPERIENCE

NO WORK EXPERIENCE

EDUCATION

BA IN COMPUTER SCIENCE/GEORGIA STATE
UNIVERSITY
DECEMBER 2025

SKILLS

- Programming Languages (Python, Java, C++, JavaScript)
- Full-Stack Web Development (React & Node.js)
- Code Debugging
- Data Structures & Algorithms
- Version Control (Git/GitHub)
- Clear communication, collaboration, and teamwork

ACTIVITIES

In my free time, I like to build small-scale passion projects on my own time. Typically, they are game development projects. Additionally, I like to explore new frameworks and tools in computer science.
